product catalog supplement

Hello and welcome!

Lawn Fawn® is a small company from Southern California that creates cute and whimsical paper crafting supplies. Since beginning in March 2010 with four stamp sets, we have grown our collection to nearly 160 sets! We have also introduced lots of new products along the way... paper, twine, notecards, and dies, just to name a few.

This catalog supplement contains new products from 2014, including summer stamps and dies, many of which can be used year-round.

We're also happy to showcase two new paper lines, **Sweater Weather** and **Snow Day**, as well as our newest product: wood veneer pieces in the shape of cute leaves and snowflakes!

In these pages you will also find **15 new clear stamp sets**, **26 new Lawn Cuts dies**, **new woodgrain notecards**, and **four new colors of Lawn Trimmings** to jump-start your creativity this fall and winter season. Thank you for joining us for this exciting release!

We hope our products make you smile!
